Don't like holes in your boat?

Use this ruler to measure your upright and horizontal pipes for Cuda's Custom **Clamp-on** Holder. Simply print it, cut it, and wrap it around pipe, measure circumference of pipe to the line with the **red** number, and find your number on our website by clicking on products page then on the size drop down list. The ruler numbers are listed in front of each pipe size.

Go to www.cudascustoms.com or call us at (855) 777-CUDA.
